

Coronavirus / COVID-19 Warnings & Disclaimers
Sample Language

We are very pleased to welcome you back! We prioritize and are working to protect your health and safety. Despite our careful attention to cleaning and social distancing, we cannot warrant that you will not become infected with COVID-19 while using our facilities or participating in our programs. COVID-19 is extremely contagious and there is a risk of exposure and infection at any time and any place. By using our facilities or participating in our programs you are acknowledging and accepting these risks.

I understand that to assure my continued safety and that of your staff, (name of organization) has implemented new practices and procedures in response to the COVID-19 health crisis. These are detailed separately on your website and in the documents provided to me. I have carefully read and commit to following these new practices and procedures. Despite your careful attention to disinfection, the reengineering of your space, and the new precautions you are taking with everyone who enters your facility, I am aware that the risk of contracting coronavirus can only be reduced and that there remains a risk when any of us venture outside our homes. You cannot warrant that I will not become infected as the result of my participation in your programs. I appreciate this risk and have decided that it is outweighed for me by the benefits of my continued participation in your program.
